

Sun, sand, and SomnoMed!

SomnoMed went tropical for the summer Symposium held in the beautiful Hawaiian islands August 4th, 5th, & 6th. Attendees enjoyed presentations from several of the world's leading Sleep and Dental Sleep professionals for a comprehensive colloquium covering a variety of topics relating to the practice of Dental Sleep Medicine. This exciting event drew attendance from all over the globe, including the United States, Canada, Australia, and Europe. Attendees and speakers joined together at the luxurious Turtle Bay Resort in Oahu to study, discuss, educate one another, and present research on the treatment of Obstructive Sleep Apnea, and the advantages of SomnoDent[®] MAS Therapy.

In an unprecedented venture, SomnoMed is leading the way for continuing education and development of Dental Sleep Professionals. Key opinion leaders presented topics including the physiology and vulnerability of the human airway, integrating Sleep Medicine into the Dental Practice, balancing effectiveness and side effects of oral appliances, the use of Mandibular Advancement Splints in European Countries, marketing the Dental Sleep practice, and addressing clinical challenges. To kick off the three day event, SomnoMed entertained attendees and speakers with a lively Hawaiian Luau, complete with Polynesian dancers, traditional island cuisine, and esteemed key note speaker Dr. Barry Glassman.

John Truitt III, SomnoMed's Executive Vice President of North and South America, proudly stated "Our Hawaiian Symposium reinforces SomnoMed's commitment to bringing the highest quality information to the dental sleep medicine community. I was extremely pleased with the program, presentations, venue and audience response. In addition to leading dentists from the United States, Australia and Europe, I was excited to see a number of medical sleep specialists in attendance supporting our event. I am very pleased with the success of this week, and our team will continue to offer the highest quality continuing education programs in addition to our best of breed oral appliance, the SomnoDent[®] MAS".

A special thanks to the prestigious and knowledgeable speakers who participated in the Symposium: Dr. John Remmers, Dr. Kent Smith, Dr. Susanne Schwarting, Dr. Larry Barsh, Dr. Daniel Taché and Dr. Leopoldo Correa.
